MUNICIPAL ASSET MANAGEMENT POLICY

Policy Number:AMP-001

Authority: Council

Approval date: October 15, 2013

Effective date: November 5, 2013

1.0 COUNCIL ASSET MANAGEMENT POLICY STATEMENTS

Asset management is a broad strategic framework that encompasses many disciplines and involves the entire organization. The term asset management, as used in this-document, is defined as "the application of sound technical, social and economic principles that considers present and future needs of users, and the service from the asset". To guide the organization, the following policy statements have been developed:

a) Management will maintain and manage infrastructure assets at defined levels to support public safety, community well-being and community goals.

b) Management will monitor standards and service levels to ensure that they meet/support community and Council goals and objectives.

c) Management will develop and maintain asset inventories of all it infrastructures

d) Management will establish infrastructure replacement strategies through the use of full life cycle costing principles

e) Management will plan financially for the appropriate level of maintenance of assets to deliver service levels and extend the useful life of assets

f) Council will plan for and provide stable long term funding to replace and/or renew and or decommission infrastructure assets.

g) Where appropriate Council will consider and incorporate asset management in its other corporate plans

h) Management will report to citizens regularly on the status of performance of work related to the implementation of this asset management policy.

1.2	Replace domestic sewage pump steel cover	Structural	Will extend life of equipment	0-2 years	$2,500	
1.3	Implement miscellaneous structural upgrades (caulking, masonry, doors, etc.)	Structural	Will extend life of building	0-2 years	$10,000	
1.4	Undertake detailed heating system review	Mechanical	Will improve protection of existing systems	0-2 years	$10,000	
1.5	Install level transmitters in coagulant tanks	I&C	Will improve overall operations and control	0-2 years	$5,000	
1.6	Replace low and high lift pump pressure switches	I&C	Will improve overall operations and control	0-2 years	$5,000	
1.7	Perform intake inspection	Civil	Preventative maintenance	0-5 years	$5,000	
1.8	Evaluate need for additional process system upgrades and implement (e.g. residuals)	Process	Will lead to process improvements	0-5 years	$80,000	
1.9	Repaint miscellaneous metals	Structural	Will extend service life	0-5 years	$5,000	
1.10	Paint open web steel joints in treatment and pump room	Structural	Will extend service life	0-5 years	$15,000	
1.11	Decommission soda ash system and consider replacement with caustic soda (liquid) system	Mechanical	Will provide operations staff with better tools	0-5 years	$10,000	
1.12	Replace knife gate valve on treated water trough	Mechanical		0-5 years	$20,000	
1.13	Undertake major heating system upgrade	Mechanical	Improve protection of existing systems	Complete	Complete	Commissioning in 2013
1.14	Replace analyzers, transmitters and flow meters	I&C	Reduce risk of failure	5-10 years	$5,000 (annually)	
1.15	Refurbish/replace low lift pumps	Mechanical	Preventative maintenance	Ongoing	Already budgeted	Commissioning in 2013
1.16	Replace old polymer system	Mechanical	Preventative maintenance	5-10 years	$50,000	
1.17	Replace filtered water transfer pumps	Mechanical	Preventative maintenance	5-10 years	$45,000	
1.18	Perform detailed inspection of high lift pumps	Mechanical	Preventative maintenance	5-10 years	$10,000	
1.19	Refurbish/replace high lift pumps	Mechanical	Preventative maintenance	Ongoing	Already budgeted	Commissioning in 2013
1.20	Resurface asphalt parking	Civil	Servicing improvements	10-15 years	$10,000	
1.21	Long term replacement of Monoplant system	Process	Planning for future	10-15 years	$3,000,000	
2	**Water Standpipe**					
2.1	Undertake coatings and safety equipment inspection	Structural	Plan for future	Complete	Complete	Considering report recommendations
2.2	Evaluate options for mixing or rechlorination	Process	Improve water quality and reliability	0-2 years	$5,000	
2.3	Install mixing system (static type) or rechlorination system	Process	Improve chlorination in distribution system and reduce risks	0-5 years	$60,000	
2.4	Replace entrance gate	Civil	Improve security	5-10 years	$2,000	
2.5	Implement safety equipment and coatings rehabilitation	Structural	Will extend service life	5-10 years	$250,000	
2.6	Repair base slab	Structural	Will extend service life	5-10 years	$3,000	
2.7	Replace main fill line valve	Mechanical	Reduce risk of failure	5-10 years	$5,000	
3	***Distribution System***					
3.1	Undertake leak detection survey and water loss assessment	Process	Reduction of water loss and reduction of costly expansions	0-5 years	Own Forces	
3.2	Peform C-factor testing for improvements to hydraulic model	Process	Evaluation of watermain condition and updating of hydraulic model	0-5 years	$15,000	
C	**CAPACITY ASSESSMENT**					
1	Undertake uncommitted reserve capacity calculations	Civil	Planning for future studies and expansions can be anticipated	Annually	Own forces	
2	Apply water model to assess development impacts	Civil	Impacts and costs for development can be determined	As required	Budget as required	
D	**OPERATIONS**					
1	Implement DWQMS (new licensing requirements) including Financial Plan component	Other	Streamline overall operations	Complete	Complete	Ongoing updates and implementation
E	**MAINTENANCE**					
1	Establish preventative maintenance program	Other	Reduce costly upgrades and risk	Ongoing	Own forces	Underway
2	Perform annual review of program	Other	Reduce costly upgrades and risk	Ongoing	Own forces	Underway
F	**DOCUMENTATION CONTROL**					
1	Reorganize documentation	Other	Improve operational efficiency	End of 2010	Own forces	Underway
2	Prepare Master Servicing Drawings	GIS	Improve operational efficiency	Ongoing	Own Forces	Underway
G	**SPECIAL PROJECTS AND OTHER**					
1	Water & Wastewater Master Servicing Plan	Civil/Planning	Planning for future development	0-5 years	$50,000	Being discussed

Table No. 26 - Risk Analysis Rating System

Likelihood *is probability/likelihood of a risk event occurring.*

Description	Likelihood of Risk Event Occurring	Rating
Rare	May occurr in exceptional circumstances or has not occurred	*1*
Unlikely	Could occurr at some time, historically has not occurred in last 10 years	*2*
Moderate	Has occurred once or more in the last 5 years	*3*
Likely	Has occurred once or more in the last year	*4*
Almost Certain	One or more occurrances on a quarterly basis	*5*

Consequence *is the potential impact to service levels, health, quality of life or operations.*

Description	Consequence of Risk Event Occurring	Rating
Insignificant	Insignificant impact, little disruption to normal operation/service levels	*1*
Minor	Minor impact, some manageable operation/service level disruption	*2*
Moderate	Minor impact, significant modifications to normal operations/service levels. Increased monitoring & operational requirements	*3*
Major	Major impact, systems/building significantly compromised and minimal operation/service levels	*4*
Catastrophic	Major impact, complete failure of system, no service levels provided	*5*

Detectability *is a measure of the ability to detect the presence of a system or component failure.*

Description	Detectability of Risk Event	Rating
Very Detectable	Easy to detect, almost instantaneous, instrumentation monitored or public complaint	*1*
Moderately Detectable	Moderately detectable, problem is noted by staff within 24 hours	*2*
Normally Detectable	Visually detectable or identified through annual/preventative maintenance program	*3*
Poorly Detectable	Poorly detectable, visually detectable but not inspected on an annual basis, may not be detected before a problem was evident, requires specialized condition assessment	*4*
Undetectable	Undetectable, cannot detect without a specialized condition assessment	*5*

Procurement

- **By-law No. 2005-13**

THE CORPORATION OF
THE TOWNSHIP OF BONNECHERE VALLEY

By-Law No. 2005- 13

BEING A BY-LAW TO ADOPT POLICIES AND PROCEDURES GOVERNING THE PROCUREMENT OF GOODS & SERVICES

WHEREAS, Section 271 of the Municipal Act, Chapter 25, S.O. 2001, imposes upon municipalities the obligation to adopt policies with respect to the procurement of goods and services;

AND WHEREAS, the Council of the Corporation of the Township of Bonnechere Valley deems it expedient to establish procedural policy for purchasing and tendering;

NOW THEREFORE, the Council of the Corporation of the Township of Bonnechere Valley ENACTS as follows:

PART I - SHORT TITLE

1. This By-Law may be cited as the "Procurement By-Law".

PART II - PURPOSES, GOALS AND OBJECTIVES

1. The purpose, goals and objectives of this By-Law and of each of the methods of procurement authorized are:
   (a) to ensure openness, accountability and transparency while protecting the financial best interests of the Township;
   (b) to encourage competition among suppliers;
   (c) to maximize savings for taxpayers;
   (d) to ensure service and product delivery, quality, efficiency and effectiveness;
   (e) to ensure fairness among bidders;
   (f) to have regard to the accessibility for persons with disabilities to the goods, services, and construction purchased by the Township;
   (g) to attempt to reduce the amount of solid waste requiring disposal through the purchase of environmentally responsible goods and services.

PART III - DEFINITIONS AND SCHEDULES

PART V - GENERAL PROCUREMENT POLICY

1. AWARDING OF TENDERS AND PURCHASES

a) The following criteria shall be used for the purpose of awarding tenders and/or purchases:
   i) tender price
   ii) financial stability of the supplier of the commodity or service
   iii) ability to fulfil contract
   iv) adherence to specifications
   v) quality standards
b) Tenders shall be awarded by resolution of Council.
c) Tender deposits shall be dealt with as follows:
   (i) The tender deposit for the lowest tender shall be retained until the tender is accepted and the performance guarantee is received;
   (ii) The tender deposit for the second lowest tender shall be retained until the lowest tender is accepted. If the lowest tender is rejected the second lowest tender shall be subject to Part V 1.(c)(i)
   (iii) All other tender deposits shall be returned within two working days of the tender opening.
d) Upon payment for services, an amount equal to 10% of the requested payment shall be withheld under the provisions of the Construction Lien Act.

2. NEGOTIATIONS

a) Purchase by negotiation with one or more sources or bidders shall be permitted under the following circumstances and requirements for inviting tenders and quotations may be waived:
   i) When in the judgement of the Department Head, goods are judged to be in short supply, due to market conditions;
   ii) Where there is only one source of supply for the commodity;
   iii) Where two or more identical bids have been received;
   iv) Where the lowest quotation, excluding tenders, meets the specifications, but is excessive in total cost and substantially exceeds the estimated costs;
   v) When the process of purchase by negotiation is invoked, it shall be conducted jointly by a special

tender committee made up in the same manner as per Part IV 5(b).

3. CO-OPERATIVE PURCHASING
   a) Co-operative purchasing with other Municipalities, Boards, Commissions, Agencies and other levels of government, etc. shall be permitted;
   b) The method of purchasing and sharing of costs shall be determined by the CAO in co-operation with the partner or partners in the Co-operative Purchasing Plan;
   c) Co-operative Purchases may be undertaken at the discretion of the CAO provided that monies are allocated for said commodity in the current budget;
   d) Purchases not allocated in the current budget shall require Council approval.

4. EMERGENCY PROCEDURE
   a) Where an emergency or pending emergency exists, in the opinion of the Department Head, constituting imminent danger to life and/or property and to prevent the disruption of work or service to the public, the immediate procurement of commodities may be made by the Department Head;
   b) Procurement of commodities shall be on the open market, at the lowest obtainable price, regardless of the amount of the expenditure;

   c) When such a purchase is made, the Department Head is required to file a report to council within five days.

5. DISPOSAL OF SURPLUS EQUIPMENT OR SUPPLIES
   a) Equipment or supplies shall be offered to other departments prior to item (b)being invoked.
   b) Equipment or supplies to be offered for sale must first be declared surplus by Resolution of Council upon the recommendation of the Department Head;
   c) Said equipment or supplies shall then be advertised as per Part IV 7.(a);
   d) Tenders shall be received and sale awarded as per Part IV 8.

That By-Law 2001-20 be hereby rescinded.

That this by-law shall take force and effect upon the passing thereof.
