

April 6, 2018

Mayor Murphy and city councillors

Members and non members of the LCPOA are not all in agreement regarding the deadline on the trailer issue put forward by the LCPOA.

As you know, not all cottage or "home owners" live in the Township of Bonnechere Valley and therefore may not be aware of the request put forward by the LCPOA regarding trailers on their property.

We believe the deadline should be extended till June 9th.

This will give everyone a voice on this issue.
