Mayor Murphy and Bonnechere Valley Township Councillors

Municipality of Bonnechere Valley

49 Bonnechere Street, Eganville, Ontario

K0J 1T0

Dear Mayor Murphy and Municipal Councillors:

I am a property owner on Lake Clear and am concerned about the increase in the number of RVs on the lake. Many of these are very close to the shoreline and in some cases the vegetation has been cleared at the lakefront. Cottage owners are not permitted to build a cottage, sleep cabin or other structure this close to the lake to ensure the protection of the water quality. Why should someone be permitted to locate an RV at the shoreline? How are they disposing of their grey and waste water? Why don't they have to follow the same rules and regulations?

I ask you to recognize this inequity and environmental threat and enact by-laws similar to those of North Frontenac Township to protect Lake Clear.

Sincerely,

Nelda Markham

P.S.

If petitions are submitted on this subject I certainly hope that serious effort will be spent in validating both the names and the addresses on such a petition.
