

February 6 2018

Dear Mayor Murphy and Bonnechere Valley Council

I have a cottage at Lake Clear and I am writing to you regarding the issue of seasonal R.V.'s brought to your attention by the LCPOA. I feel that the potential impact of R.V.'s that are either seasonally or permanently situated on the properties of cottagers and homeowners makes the issue an important one for you to consider. Numbers of R.V.'s per property and waste disposal are two of the areas that need consideration. It is my hope that the council will research the matter and then develop a plan that will allow for some regulation of the use of seasonal and permanent R.V.'s. I know this is a challenging and sensitive topic and I trust that you will arrive at a fair and reasonable decision.

Sincerely

A handwritten signature in cursive script that reads "Mike O'Brien".
