

To The Township of Bonnechere Valley

My family is writing this letter to you to let you know that we are opposed

To any by-law that restricts the use of trailer's on Lake Clear.

We are already being taxed for waterfront property and we think that this is just another way to impact more tax money. I cannot afford to build a cottage on my property , and with a seasonal trailer I can still enjoy it.

On the behalf of most people who have trailers, they either have compost toilets or if they are more seasonal they probably have an outhouse or a holding tank that they would empty on a regular basis like the trailer parks around the lake. They would be more aware of keeping the lake clean.

There would be a bigger issue concerning sewage out on the islands with the weekend campers.

I hope to attend the public meeting in June to oppose this by-law.

Thank you
