Dear Mayor and Councillors:

Re: RV Usage on Lake Clear

We have owned our cottage at 626 Lake Clear Road for 20 years, and are increasingly concerned about RV usage on the lake. We find it grossly inequitable and environmentally compromising that most structures on the lake are highly regulated, and yet RVs are not. As you well know many of these are located very close to the lake, and are engaging in questionable waste disposal practices. We understand that some progressive townships e.g. North Frontenac have addressed the issue and introduced appropriate by-laws, and strongly urge you to do the same.

We are privileged to be located on a marvellous, invaluable resource that demands you afford it the utmost protection.

Sincerely,
