Re: RV use on Lake Clear

Dear Mayor Murphy and Municipal Councillors:

We are long time Lake Clear property owners and supporters of the LCPOA. Our family uses the lake all year round; enjoying all that Lake Clear has to offer.

We have a cottage and a sleep cabin and have visitors who use the cottage, and sleep cabin. Our family and guests use the washroom facilities in our cottage, which has an approved septic system. We have maintained a buffer zone at the water's edge, have maintained the natural vegetation to prevent erosion and are staunch supporters of protecting Lake Clear.

We are very concerned, based on the number of trailers on Lake Clear, some with their placement too close to the water's edge, their improper or missing septic systems, and their lack of taxation.

We ask the BVT to pass a by-law which addresses where RVs may be placed on a lot (same rules as cottages and other buildings), how many RVs may be placed on a lot (same restrictions as cottages, sleep cabins and garden suites), waste disposal requirements and taxation.

Sincerely,

Suzanne and David Dunford
