BONNECHERE VALLEY WASTE UPDATE

****RESIDENTS MAY NOW USE ANY OF TOWNSHIP TRANSFER STATIONS FOR RECYCLING, ORGANICS OR GARBAGE DROP OFF****

All residents may use ANY of the Township Transfer Sites to recycle your materials and dispose of your waste. And we have increased services to enable you to bring your organics to each site for composting. You will see a new collection system that we hope will improve your recycling experience.

Please Recycle and Compost as much as possible. Bulky waste must be taken to Sno Drifters and any remaining waste can be taken to the site of your choice and managed in our new collection containers. All waste will be taken to Sand Road Landfill which will be full soon enough but we have planned ahead and received Ministry of Environment Approval to expand the Ruby Road site when needed.

The Curbside collection schedule is also available on our website or a hardcopy of the schedule can be picked up at the municipal office. Tags must be placed on all bags and they are $2.00 each.

Please visit our website for further details www.bonnecherevalleytwp.com.

_Please note: The Sno Drifters site can be opened on a call-in basis as long as staff are in the area. This will result in an opening fee of $35 plus the cost of your weighted load. This site accepts cash only._
You may now take compostable materials out of your garbage bag and put them in our composte containers at any of the transfer stations located in the Township. A list of permitted items is located on this page.

There is no curbside collection of organics. Council encourages residents of the Village to take their organics to the Sand Road Transfer Station.

Organics will be received free of charge at the transfer sites.
