

**Enbridge Gas Ontario**  
500 Consumers Road  
North York, Ontario M2J 1P8  
Canada

March 3rd, 2026

Dear Area Resident,

Enbridge Gas is bringing natural gas service to Eganville.

As part of this project, we will be energizing our new pipelines that are located in the municipal right-of way in your neighbourhood. This work will include a process known as flaring, the safe and controlled burning of excess natural gas that cannot be otherwise captured. Enbridge Gas personnel are trained to conduct this procedure and will follow all safety precautions during this process.

You may experience pedestrian detours as well as noise from our construction equipment. Access to area homes and businesses will be maintained.

This work is scheduled to begin on March 5th, 2026 and is anticipated to last approximately one week.

For questions or concerns during construction, please don't hesitate to contact us.

Thank you for your patience as we perform this work. For further information, please visit [Eganville Community Expansion Project | Ontario | Enbridge Gas](#)

Sincerely,

Jeff Mantej  
Community Expansion, Construction Supervisor
