Dear Mr. Martin:

RE: **RUBY ROAD LANDFILL SITE - TOWNSHIP OF BONNECHERE VALLEY  
CERTIFICATE OF APPROVAL (CofA) NO. A411501**

Attached is CofA Notice No. 2 for the Ruby Road Landfill Site. Approval has been granted for the closure and post-closure maintenance, monitoring, inspecting and reporting of the closed landfill area.

Should you have any questions regarding this matter, please call me at (416) 314-8316.

Sincerely,

A handwritten signature in cursive script that reads "Veronica Pochmursky".

AMENDMENT TO PROVISIONAL CERTIFICATE OF APPROVAL  
WASTE DISPOSAL SITE  
NUMBER A411501  
Notice No. 2

The Corporation of the Township of Bonnechere Valley  
49 Bonnechere Street East, P.O. Box 100  
Eganville, Ontario K0J 1T0

Site Location: Ruby Road Landfill  
2213 Ruby Road  
Bonnechere Valley Municipality, County of Renfrew

*You are hereby notified that I have amended Provisional Certificate of Approval No. A411501 issued on September 16, 1974 as amended on December 18, 2002 for a 0.5 hectare Waste Disposal Site (Landfill and Transfer), as follows:*

**The following Condition is hereby revoked and replaced:**

8. (a) Except as otherwise provided by these Conditions, the Transfer Station shall be designed, developed, used, maintained and operated, and all facilities, equipment and fixtures shall be built and/or installed in accordance with the Application for a Certificate of Approval for a Waste Disposal Site dated August 31, 2002, and supporting documentation, and plans and specifications listed in Schedule "A" and;
  - (b) The Transfer Station shall be laid out in accordance with Drawing 2 of 2, Township of Bonnechere Valley, Ruby Road Landfill Site, Waste Transfer Facility plotted September 4, 2002. The Owner may change the site layout with prior written approval of the District Manager.
32. By March 31, 2004, and on an annual basis thereafter, the Owner shall submit to the District Manager an annual report on the activities of the Site for the previous calendar year. Each report shall include as a minimum, the following information:
- (a) *Executive Summary*
    - i. summary of findings, conclusions and recommendations;
  - (b) *Site Operations*
    - i. a summary of the type and quantity of all incoming and outgoing wastes;
    - ii. any operational problems, that could negatively impact the environment, encountered during the operation of the Transfer Station and mitigative actions taken;
    - iii. an assessment as to whether or not the Owner is operating the Site in compliance with the Conditions of this Certificate;

- (c) *Environmental Quality Monitoring***
  - i. assessment of the physical condition of the groundwater monitoring well installations;**
  - ii. analysis and interpretation of groundwater monitoring data;**
  - iii. discussions on the extent of the contaminant plume(s) resulting from landfill leachate;**
  - iv. discussion on compliance with Reasonable Use Guideline B-7;**
- (d) *Recommendations***
  - i. recommendations respecting any proposed changes to the groundwater monitoring program or any repairs required to the monitoring well network;**
  - ii. recommendations respecting any proposed changes to the operation of the Site;**
  - iii. recommendations respecting the requirement for any remedial works or contingency actions based on the monitoring results or operation of the Site.**

**The following Conditions are hereby added:**

**Landfill Operations**

- 34. The Owner shall cease further landfill activities on December 31, 2003.**
- 35. Prior to June 30, 2004, the Owner shall close the landfill portion of the Site by:**
  - (a) increasing the granular cover material to a depth of 0.6 m; and**
  - (b) applying 0.15 m of topsoil, seeded with both annual and perennial plant species, except in those areas approved for use as a transfer station.**
- 36. (a) The Owner shall conduct groundwater monitoring in accordance with Schedule "C"; and**
  - (b) All monitoring wells which form part of any monitoring program shall be protected from damage. Any groundwater monitoring wells that are damaged shall be repaired, replaced forthwith or properly abandoned; and**
  - (c) Any future changes to either the groundwater monitoring program shall be approved, in writing, by the District Manager before the change is implemented.**

The following Schedule "C" is added:

Schedule "C"

Groundwater Monitoring Program

Sampling Location	Frequency	Parameters
BH-1, BH-2, BH-3, BR-1	<u>High flow</u> (April, May or November) and <u>Low flow</u> (July, August, December or January)	water level, alkalinity, pH, conductivity, hardness, sulphate, chloride, total dissolved solids, TOC, calcium, silver, aluminium, boron, barium, beryllium, cadmium, cobalt, chromium, copper, iron, mercury, potassium, magnesium, manganese, molybdenum, sodium, nickel, lead, silicon, tin, strontium, titanium, thallium, vanadium, zinc, NH <sub>3</sub> , phenols

The reason(s) for this amendment to the Certificate of Approval is (are) as follows:

*to approve the landfill closure and post-closure monitoring program.*

This Notice shall constitute part of the approval issued under Provisional Certificate of Approval No. A411501 dated September 16, 1974

*In accordance with Section 139 of the Environmental Protection Act, R.S.O. 1990, Chapter E-19, as amended, you may by written notice served upon me and the Environmental Review Tribunal within 15 days after receipt of this Notice, require a hearing by the Tribunal. Section 142 of the Environmental Protection Act provides that the Notice requiring the hearing shall state:*

1. The portions of the approval or each term or condition in the approval in respect of which the hearing is required, and;
2. The grounds on which you intend to rely at the hearing in relation to each portion appealed.

*The Notice should also include:*

3. The name of the appellant;
4. The address of the appellant;
5. The Certificate of Approval number;
6. The date of the Certificate of Approval;
7. The name of the Director;
8. The municipality within which the waste disposal site is located;

*And the Notice should be signed and dated by the appellant.*

*This Notice must be served upon:*

Dear Mr. Martin:

**RE: RUBY ROAD LANDFILL SITE - TOWNSHIP OF BONNECHERE VALLEY  
CERTIFICATE OF APPROVAL (CofA) NO. A411501**

Attached is CofA Notice No. 1 for the Ruby Road Landfill Site. Approval has been granted for the establishment and operation of a transfer station at this site. The Ministry of Environment is continuing with the evaluation of closure and post-closure care of the landfill. A further Notice will be issued by the Ministry once this review has been completed. The Township will be given an opportunity to review a draft of this Notice prior to its issuance.

Should you have any questions regarding this matter, please call me at (416) 314-8316.

Sincerely,

AMENDMENT TO PROVISIONAL CERTIFICATE OF APPROVAL  
WASTE DISPOSAL SITE  
NUMBER A411501  
Notice No. 1

The Corporation of the Township of Bonnechere Valley  
49 Bonnechere Street East, P.O. Box 100  
Eganville, Ontario K0J 1T0

Site Location: Ruby Road Landfill  
Part Lot 27, Concession 9, geographic Township of South Algona  
2213 Ruby Road  
Bonnechere Valley Municipality, County of Renfrew

*You are hereby notified that I have amended Provisional Certificate of Approval No. A411501 issued on September 16, 1974 for the Ruby Road Landfill, as follows:*

for the closure and post-closure maintenance, monitoring, inspection and reporting of a landfill, and the establishment of a transfer station, on a 0.5 hectare property, the following shall apply:

#### DEFINITIONS

For the purpose of this Provisional Certificate of Approval, the following definitions shall apply:

- (a) "Act" means the *Environmental Protection Act*, R.S.O. 1990, C.E-19, as amended;
- (b) "Attendant" means the person(s) designated by the Owner to manage the operations on the Site on behalf of the Owner;
- (c) "Certificate" means this Provisional Certificate of Approval;
- (d) "Director" means Director, Environmental Assessment and Approvals Branch, Ontario Ministry of the Environment and Energy;
- (e) "District Manager" means District Manager, Ottawa District Office, Ontario Ministry of Environment;
- (f) "Guidelines" refers to Guideline B-7 entitled "Incorporation of the Reasonable Use Concept into MOE Groundwater Management Activities";
- (g) "Landfill" refers to the use of the Site for the permanent placement of waste on the Site;

- (h) "Ministry" and "MOE" means the Ontario Ministry of Environment;
- (i) "OWRA" means the *Ontario Water Resources Act*, R.S.O. 1990, c. O.40, as amended;
- (j) "Ontario Regulation 347" means Ontario Regulation 347 - R.R.O. 1990, General - Waste Management, as amended from time to time, made under the *EPA*;
- (k) "Ontario Regulation 189" means Ontario Regulation 189/94, Refrigerants, or as amended, made under the *EPA*; and
- (l) "Owner" means the Township of Bonnechere Valley;
- (m) "Site" means Part of Lot 27, Concession 9, Geographic Township of South Algona, County of Renfrew and refers to both the Landfill and the Transfer Station;
- (n) "Residual Waste" means solid, non-hazardous waste which can not be recycled.
- (o) "Transfer Station" refers to the use of the Site to temporarily store waste prior to removal of the waste to a final disposal site; and
- (p) "white goods which contain refrigerants" means white goods which contain, or may contain refrigerants, and which include, but is not restricted to, refrigerators, freezers and air-conditioning systems.

## TERMS AND CONDITIONS

The following terms and conditions are hereby added:

### General

1. The Owner shall be bound by the Conditions of this Certificate. The conditions of this Certificate shall extend to, and bind any successor or subsequent owner(s) of the Site, which may be created through future restructuring or through the sale of the property.
2. The requirements specified in this Certificate are requirements under the Act. Issuance of this Certificate in no way abrogates the Owner's legal obligations to take all reasonable steps to avoid violating other applicable provisions of this legislation and other legislation and regulations.
3. The requirements of this Certificate are severable. If any requirements of this Certificate, or the application of any requirement of this Certificate to any circumstance, is held invalid, the application of such requirement to other circumstances and the remainder of this Certificate shall not be affected in any way.
4. The Owner must ensure compliance with all terms and conditions of this Certificate. Any non-compliance constitutes a violation of the Act and is grounds for enforcement.

5. **The Owner shall allow Ministry personnel, or a Ministry authorized representative(s), upon presentation of credentials, to;**
  - (a) **carry out any and all inspections authorized by Section 156, 157 or 158 of the Act, Section 15, 16 or 17 of the OWRA, or Section 19 or 20 of the Pesticides Act, R.S.O. 1990, as amended, of any place to which this Certificate relates; and,**
  - (b) **without restricting the generality of the foregoing, to:**
    - (i) **enter upon the premises where records required by the conditions of this Certificate are kept;**
    - (ii) **have access to and copy, at reasonable times, any records required by the conditions of this Certificate;**
    - (iii) **inspect at reasonable times any facilities, equipment (including monitoring and control equipment), practices, or operations required by the conditions of this Certificate; and**
    - (iv) **sample and monitor at reasonable times for the purposes of assuring compliance with the conditions of this Certificate.**
6. **Schedule "A" is an integral part of this Certificate. Where there is a conflict between a provision of any document referred to in Schedule "A", and the conditions of this Certificate, the conditions in this Certificate shall take precedence. Where there is a conflict between the documents listed in Schedule "A", the document bearing the most recent date shall prevail.**
7. **Any information relating to this Certificate and contained in Ministry files may be made available to the public in accordance with the provisions of the Freedom of Information and Protection of Privacy Act, R.S.O. 1990, C. F-31.**

#### **Transfer Station Operations**

8. **Except as otherwise provided by these Conditions, the Transfer Station shall be designed, developed, used, maintained and operated, and all facilities, equipment and fixtures shall be built and or installed in accordance with the Application for a Certificate of Approval for a Waste Disposal Site dated August 31, 2002, and supporting documentation, and plans and specifications listed in Schedule "A".**
9. **The Transfer Station shall only be used for the receiving and transferring of solid, non-hazardous, residential and commercial waste, as listed on Schedule "B", generated within the Township of Bonnechere Valley. The Site is prohibited from accepting the following:**
  - (a) **liquid, non-hazardous waste;**
  - (b) **solid or liquid hazardous waste;**
  - (c) **biomedical waste (excluding sharps and pharmaceuticals);**
  - (d) **PCB wastes;**
  - (e) **explosive waste;**
  - (f) **compressed gas cylinders, excluding propane tanks used for cooking; and**

**(g) construction and demolition waste.**

10. The Owner shall set operational hours which provides an adequate level of service. The Operation hours shall be any day of the week during daylight hours.
11. Removal of waste from the Site shall be limited to weekdays between 08:00 and 17:00 hours.
12. The Owner shall erect a sign at the entrance to this Site stating the name of the Owner of the Site, the hours of operation of the Transfer Station, waste acceptance procedure and a phone number to contact in the event of an emergency or complaint. The sign shall state which waste types are not permitted at the Site and shall direct those persons with these wastes to the nearest appropriate facility.
13. The Owner shall ensure that an attendant(s) is/are on duty at all times when the Site is open to ensure proper supervision of all activities.
14. The Site shall be maintained under lock and key, and in a secure manner, such that unauthorized persons cannot enter the Site when the Site is closed.
15. All waste types shall be segregated either into bins with lids or doors, or in designated areas as defined by barriers. All bins and designated waste storage areas shall be clearly labelled.
16. The total amount of waste received and stored on Site shall not exceed the following limits:
  - (a) fiber wastes including newspaper, old corrugated cardboard, paperboard etc shall not exceed 20 cubic yards total;
  - (b) aluminium/steel containers shall not exceed 12 cubic yards total;
  - (c) plastics shall not exceed 12 cubic yards total;
  - (d) clear and coloured glass shall not exceed 16 cubic yards total;
  - (e) tires shall not exceed an area of 50 m<sup>2</sup> and 2 m in height; meters;
  - (f) scrap metal shall not exceed an area of 50 m<sup>2</sup> and 2 m in height;
  - (g) white goods which contain refrigerants shall not exceed an area of 20 m<sup>2</sup>;
  - (h) propane tanks shall not exceed an area of 20 m<sup>2</sup>;
  - (i) residual waste shall not exceed 30 cubic yards;
  - (j) brush and clean waste wood shall not exceed 200 m<sup>3</sup>; and
  - (k) temporary bulky item storage area shall not exceed 100 m<sup>3</sup>.
17. Residual Waste shall be removed from Site on a weekly basis during the period between May 1 and October 31. At all other times, Residual Waste shall be removed at least every four weeks, or sooner if the maximum capacity as specified in Condition 16 (i) is reached.
18. All lids or doors on all other storage bins shall be closed and locked where possible, when an Attendant is not on Site.

19. (a) The Owner shall ensure that all white goods which contain refrigerants accepted at the Site are stored in an upright position and in such a manner as to allow for the safe handling and removal from the Site;
  - (b) The Owner shall enter into an agreement with a qualified contractor to transfer ownership and ship white goods which contain refrigerants off-site in order to have the refrigerants removed by a licensed technician in accordance with Ontario Regulation 189; and
  - (c) The Owner shall maintain a detailed log of all white goods which contain refrigerants received. The log shall include the following: date of the record, types, quantities and source of white goods which contain refrigerants received and the quantities and destination of the white goods transferred from the Site.
20. Burning of any wastes or materials is prohibited.
  21. In the event the waste cannot be transferred from the Site, the Owner shall cease accepting waste and shall ensure the total amount of waste on Site does not exceed the maximum quantities approved under Condition 16.

#### **Inspection**

22. The Owner shall ensure that the following inspection schedule is adhered to:
  - (i) on a daily basis, an inspection of the entrance to ensure that waste has not been illegally deposited;
  - (ii) each day on which the Transfer Site is operational, an inspection of the Transfer Station area;
  - (iii) on a monthly basis, a general inspection of the access road, signage and fencing.

#### **Training**

23. The Owner shall ensure that all Attendants of the Site shall be trained, and receive annual refresher training, with respect to the following areas:
  - (a) terms, conditions and operating requirements of this Certificate;
  - (b) operation and management of the Site;
  - (c) responsibilities of the Attendant;
  - (e) any environmental concerns pertaining to the wastes to be accepted at the Site;
  - (f) proper receiving and recording procedures (including recording procedures of wastes which are refused at the Site);
  - (g) proper storage, handling, sorting and shipping procedures;
  - (h) occupational health and safety concerns pertaining to the wastes received;
  - (i) relevant waste management legislation, including but not limited to *Ontario Regulation 347, Ontario Regulation 189 and WHMIS*;
  - (j) operation of equipment used on Site;
  - (k) complaint procedure; and

- (l) procedures to be followed in the event of an emergency situation.

### **Litter Control Plan**

24. Within thirty (30) days of issuance of this Certificate, the Owner shall implement a litter control plan. The plan shall include, at a minimum,
  - (a) implementation of all practical steps which the Owner can take to prevent the escape of litter from the Site;
  - (b) pick up of litter from the Site on each day on which the Transfer Station is operational;
  - (c) on a weekly basis, the pickup of litter from the access road and from adjacent properties (with permission of property owners); and
  - (e) a procedure for taping and cleaning any loose debris from the sides and back of all containers and vehicles transferring waste from the Site.

### **Record Keeping**

25. The Owner shall maintain the following records:
  - (a) a log book at the Site which records, on each day of operation of the Transfer Station, the following information:
    - (i) date of record;
    - (ii) number of deliveries and types of materials received;
    - (iii) estimated quantities of materials stored on Site;
    - (iv) results of the inspection required under Condition (22); and
    - (v) any accidents, injuries, spills, leaks, other upsets or complaints received; and
  - (b) quantities and destination of waste shipped from the Site.

### **Complaint Response Procedure**

26. Within thirty (30) days of issuance of this Certificate, the Owner shall implement a complaint response procedure consisting of the following as a minimum:
  - (a) The Owner shall record each complaint on a formal complaint form entered in a sequentially numbered log book. The information recorded shall include the nature of the complaint, the name, address and telephone number of the complainant and the time and date of the complaint;
  - (b) The Owner, upon notification of the complaint shall rectify or eliminate the cause of the complaint within 24 hours and forward a reply to the complainant as to the actions taken; and
  - (c) The Owner shall prepare a written report within one (1) week of the complaint date, listing the actions taken to resolve the complaint and any recommendations for remedial measures, and managerial or operational changes to reasonably avoid the reoccurrence of similar incidents.

27. The complaint response procedure shall set up to allow complaints to be logged seven (7) days per week and 24 hours per day.

### **Contingency Measures** \*

28. Within ninety (90) days of issuing this Certificate, the Owner shall have in place a Spill Contingency and Emergency Response Plan for the operation of the Transfer Station. The Plan shall include, but is not limited to:
- (a) emergency response procedures to be undertaken in the event of a spill or process upset, including specific clean up methods;
  - (b) a list of contingency equipment and spill clean up materials, including names and telephone numbers of waste management companies available for emergency response; and
  - (c) a notification protocol with names and telephone numbers of persons to be contacted, including Township personnel, the Ministry Spills Action Centre and District Office and the local Fire Department.
29. A copy of the Spill Contingency and Emergency Response Plan shall be kept in a central location available to the Attendant and a copy shall be submitted to:
- (a) the District Manager, and
  - (b) the local Fire Department.
30. The Owner shall ensure that
- (a) the contingency equipment and materials outlined in the Spill Contingency and Emergency Response Plan are in a good state of repair, fully operational and immediately available; and
  - (b) all Attendants are fully trained in the contingency equipment and materials' use and in the procedures to be employed in the event of an emergency.
31. The Owner shall review the contingency plan on an annual basis and shall submit to the District Manager and the Fire Department within thirty (30) days, any amendment made to the plan.

### **Annual Reports** ✓

32. By March 31, 2004, and on an annual basis thereafter, the Owner shall submit to the District Manager an annual report on the activities of the Transfer Station for the previous calendar year. Each report shall include, as a minimum, the following information:
- (a) a summary of the type and quantity of all incoming and outgoing wastes;
  - (b) any environmental and operational problems, that could negatively impact the environment, encountered during the operation of the Transfer Station and mitigative actions taken;
  - (c) a statement as to compliance with all Conditions of this Certificate and with the inspection and reporting requirements of the Conditions herein; and,
  - (d) any recommendations to minimize environmental impacts from the operation of the

Site and to improve site operations and monitoring programs in this regard.

**Closure Plan**

33. (a) The Owner shall submit, for approval by the Director, a written Closure Plan four (4) months prior to the permanent closure of the Transfer Station. This plan must include, as a minimum, a description of the work that will be done to facilitate closure and a schedule for completion of that work; and
- (b) Within ten (10) days after closure of the Site, the Owner must notify the Director, in writing, that the Transfer Station is closed and the Closure Plan has been implemented.

**Schedule "A"**

This Schedule A forms part of Certificate of Approval No. A411501.

1. Application for a Provisional Certificate of Approval for a Waste Disposal Site signed by Mr. Bryan Marting, CAO, Township of Bonnechere Valley, dated August 31, 2002.
2. Document entitled "Ruby Road Waste Disposal Site, Site Closure and Waste Transfer Facility Operations Plan, Township of Bonnechere Valley", prepared by Jp2g Consultants Inc., dated August 2002.
3. Document entitled "South Algona Landfill Site Hydrogeologic Evaluation" prepared by Robinson Consultants Inc., dated April 2002.
4. Legal survey for the Ruby Road Waste Disposal Site.
5. Details of public notification program.
6. Letter from K. Mooder, Jp2g Consultants Inc., to EAAB, dated December 11, 2002 providing comments on the draft Notice and including a revised Site Plan.

## **Schedule "B"**

The Site is permitted to receive and transfer the following types of wastes:

fiber including newspapers, paper, paperboard and old corrugated cardboard  
aluminium and steel containers  
scrap metal  
tires  
white goods containing refrigerants  
propane tanks used for cooking  
plastics  
glass  
residual waste (including bulky items)  
brush and clean waste wood

The reason(s) for this amendment to the Certificate of Approval is (are) as follows:

- 1. The reason for Conditions 1, 2, 3, 4 and 6 is to clarify the legal responsibilities and obligations imposed by this Provisional Certificate of Approval.*
- 2. The reason for Condition 5 is to ensure that appropriate Ministry staff have ready access to the Site in order to confirm that the Site is being operated according to this Provisional Certificate of Approval. The condition is supplementary to the powers afforded a Provincial Officer pursuant to the Environmental Protection Act, the Ontario Water Resources Act, and the Pesticides Act, as amended.*
- 3. The reason for Condition 7 is to acknowledge the public's right to request information under the Freedom of Information and Protection of Privacy Act.*
- 4. The reason for Conditions 8 and 32 is to ensure that this Waste Disposal Site is operated in accordance with the application submitted by the Owner, and not in a manner which the Director has not been asked to consider.*
- 5. The reason for Conditions 9, 16 and 25 is to ensure that the types and quantities of waste received at the Site are in accordance with that approved under this Certificate.*
- 6. The reason for Conditions 10, 11, 12, 20, 22, 23 and 24 is to ensure that the site is operated in a manner which does not result in a nuisance or a hazard to the health and safety of the environment or people.*

7. *The reason for Condition 13 and 14 is to minimize the risk of unauthorized entry and to ensure the Site is only operated in the presence of trained personnel and to ensure proper management of waste.*
8. *Conditions 15, 17, 18, 19 and 21 are also included that waste storage is done in a manner and duration which does not result in a nuisance or a hazard to the health and safety of the environment or people.*
9. *The reason for Conditions 28, 29, 30 and 31 is to ensure that the Owner's staff are properly trained in the operation of the equipment used at the Site and emergency response procedures. This will minimize the possibility of spills occurring and will enable staff to deal promptly and effectively with any spills that do occur.*
10. *The reason for Conditions 26 and 27 is to ensure that complaints are properly and quickly resolved and that complaints and follow-up actions have been documented.*
11. *The reason for Condition 33 is to ensure that the Site is closed in accordance with MOE standards and to protect the health and safety of the environment.*

**This Notice shall constitute part of the approval issued under Provisional Certificate of Approval No. A411501 dated September 16, 1974**

*In accordance with Section 139 of the Environmental Protection Act, R.S.O. 1990, Chapter E-19, as amended, you may by written notice served upon me and the Environmental Review Tribunal within 15 days after receipt of this Notice, require a hearing by the Tribunal. Section 142 of the Environmental Protection Act provides that the Notice requiring the hearing shall state:*

1. The portions of the approval or each term or condition in the approval in respect of which the hearing is required, and;
2. The grounds on which you intend to rely at the hearing in relation to each portion appealed.

*The Notice should also include:*

3. The name of the appellant;
4. The address of the appellant;
5. The Certificate of Approval number;
6. The date of the Certificate of Approval;
7. The name of the Director;
8. The municipality within which the waste disposal site is located;

*And the Notice should be signed and dated by the appellant.*

*This Notice must be served upon:*
